ome of the Inquiries to be made by the Census Enumerators in June.

The Eleventh Census of the United States will be taken during the month of June. The census enumerators will begin their work on Monday, June 2, and will visit every house and ask questions concerning every person and and every family in the United States. The questions that will be asked call for the name of every person re siding in the United States on the first day of June, with their sex and age, and whether white, black, mulatto, quadroon, octoroon, or Chinese, prising this group has exceeded the Japanese, or Indian. Inquiry will be most sanguine expectations and a made also of every person as to wheth-sufficient body of high grade ore has er they are single, married, widowed, or divorced, and, if married during the census year, The place of birth of ment is having needed repairs made. each person, and place of birth of The machinery at the smelter is being the father and mother of each person, occupation followed and the number weeks ago, in search of health readiness to blow in, stopes will be in glish. St. Claire & Pratt, the leading jewelers of Phenix, Arizona, being grateful for the past liberal patronage, will give to any patron of their repairing department a handsome tilting water set, finely engraved and satin finish, gold lined goblet and slop bowl, all of the best quadruple plate twenty inchthe nearest the population of United States. Each number will be registered and a duplicate of sam will be sent to each guesser. All guesses must be in before July 1st should two make the same guess the first will be considered. Everybody having repairing done will be entitled to one guess for each piece of work. Register them your watch or jewelry to be repaired. They pay all the ex penses of sending and returning watches, etc., and guarantee work. Try them. Reference, Valley Bank, Phenix, Arizona.

The board of supervisors have in structed Assessor Snyder to enforce immediate payment of poll tax from everyone liable for the tax, whether who joined together to ship green they are on the tax roll or not Heretofore it has been the practice for most tax payers to pay this special tax at the time they paid their proper ty tax, but this course resulted quite a loss to the school fund, to which this special tax goes, by reason of the large number who allowed their taxes to go delinquent, and as the poll tax must be collected within the calender year they thus escape. No one can justly complain of this new departure, as the non taxpayer should be shown no more leniency than the property taxpayer.-Citizen Have you seen those beautiful ar-

John Montgomery's Mishap.

The earliest fruit in the Salt River Valley is usually picked on the premises of John B. Montgomery, and that gentlemen, very properly, takes great pride in this fact, but John slipped up on the proposition this season, not because his fruit wasn't the earliest but because his fruit fooled him. Nurseryman Turner budded some apricots for Mr. Montgomery and the rapid growth of the tree hid the fruit from view, hence Mr. Montgomery did not observe that he had an abundance of ripe apricots beneath the overdroop ing foliage; but seeing a notice in the Gazette that the first ripe apricots of the season had been brought in on a certain day, John became alarmed at the non-producing qualities of his bud-A full line of choice groceries and ded trees and made a hasty examin ation, when to his amazement and disgust the branches were loaded with ripe fruit, but it was no use, he had Clifton is a live camp, and there are | been beaten, not that his apricots were many new enterprises being started not the earliest but because of his

Coal Fields Bonded.

The Herald is informed that the Barranca coal fields of Santa Clara. Sonora, have been bonded for six months for the sum of \$200,000 net gold. Of this amount \$10,000 cash has been paid in New York on account to the owners, N. Gaff & Co. The parties who have the bond are perfecting there an organized company to construct a railroad from Guaymas to the coal fields. They expect to commence work on the railroad within six months. The road will pass through a section of country rich in mines of gold, silver and copper that only needs cheap transportation to have them opened on a large scale.—Nogales Herald. Ice cream supplied in quantities to

Any one interested in the sick-benefit, funeral-aid, and death-beneficiary associations of the United States can help make the statistics of their organizations for the forthcoming census more complete and disseminate the knowledge of the good work they are doing by sending the names of such societies as they may know of, and the addresses of their principal officers, to Mr. Charles A. Jenney,
